75,000 CHILDREN IN LEBANON AND SYRIA FACING STARVATION

Missionaries Find Small Children Living Alone and Eating Grass From the Fields—Must Have Relief.

By Associated Press Dispatch.

New York, August 27.—More than 75,000 children under 12 years of age, all dependent on outside relief for the necessities of life are in Lebanon and an additional 25,000 orphans are in Syria, not including Palestine, according to reports of missionaries from the Near East who recently arrived here.

It was asserted by the missionaries that it was doubtful whether many of these children could survive the coming winter if relief does not reach them in a more substantial form than heretofore.

In many instances, the missionaries said, little children scarcely old enough to feed themselves, were found alone begging for enough food to keep them alive and failing in that, subsisting on grass.

The majority of these were girls who had survived because of greater powers of resistance or having been fed by their brothers who starved.

EXPECT U. S. TO LEAD THE WAY

By Associated Press Dispatch.

Washington, August 27.—A reply to Pope Benedict's peace proposal may be made by the government this week. Secretary Lansing said today it would be made soon but declined to indicate its character or the time of dispatch.

Reports from the Entente powers today indicated that they might be waiting for the United States to make the first reply.

WILSON SENDS ASSURANCES

By Associated Press Dispatch.

Washington, August 27.—President Wilson sent to the members of the National Council assembly at Moscow today assurances that this government is willing to extend "every material and moral assistance" to the government of Russia.

FRENCH HOLD ALL GROUNDS WON IN SUNDAY'S FIGHTING

By Associated Press Dispatch.

General Petain is holding all of his gains of the great Verdun offensive movement in the face of heavy counter attacks, which the Crown Prince is launching.

The French commander reports the repulse last night of strong assaults on newly won positions in this sector. He announces also the capture of 1100 prisoners in the fighting yesterday when the French lines were carried forward two-thirds of a mile on a two and a half mile front to the outskirts of Beaumont village.

The British are continuing the systematic smashing of aviation and other bases behind the German front in Belgium.

The dropping of a large number of bombs by naval airmen on the airbase of St. Denis Vestren is announced today. In infantry operations the only activity reported is a successful trench raid carried out this morning near Ostaverne.

TANK CORPS IS LATEST ADDITION

(Associated Press Cable.)

London, August 27.—The "tanks" are now a recognized unit of the British army, and an order issued announced the formation of a "Tank Corps." The personnel of the corps will be divided into technical and non-technical sections, the latter receiving rates of pay given their respective ranks in the Royal Field Artillery.

Callicotte, O., Aug. 27.—General E. S. Glenn has taken charge of Camp Sherman. Many of the officers who are to report to him are here and 1250 are to report on Aug. 29.

PROGRESS ON GIGANTIC WAR BILL IS SLOW

Absence of Secretary McAdoo Temporarily Halts Action on Twelve Billion Dollar Bill.

By Associated Press Dispatch.

Washington, August 27.—Progress on the \$11,538,945,000 war bond and certificate bill in the House ways and means committee was halted today by the absence of Secretary McAdoo who was to explain the measure. He will appear tomorrow, however, and consideration of the bill in executive session will follow.

Hope of reporting the bill to the House by Wednesday and passing it this week was virtually abandoned today after a brief meeting of the committee.

Opposition to making the bonds and certificates subject to any tax appeared today. Two Republicans led the opposition holding that to tax the issue would retard the sale.

HUGE SUM IS ASKED FOR NEW LIGHT FLEETS

Minimum of \$350,000,000 Asked By Daniels for Standardized Destroyers

By Associated Press Dispatch.

Washington, August 27.—Secretary Daniels expects to submit to Congress this week estimates of \$350,000,000 for the great number of destroyers which will make the United States navy the leader of the world in ships of that type.

Naval designers are preparing plans for a standardized destroyer to facilitate the quantity production of the most successful weapon against submarines. Parts of engines will be assembled from various factories and forwarded to shipyards where the hulls are building.

Details as to the number of destroyers now under construction or the number contemplated in the supplemental program are being withheld for military reasons. The \$350,000,000 estimate it was indicated today, is a minimum and may have to be increased substantially.

SHARP CRITICISM FEATURES MEETING REICHSTAG MEMBERS

Press Also Takes Fling at What It Terms as "Half-Measures"—Members Accept New Body Temporarily

(Associated Press Cable.)

Berlin, August 27.—If frank discussion and unblushing criticism are capable of bringing on parliamentary reforms, it may be said that Saturday's proceedings in the Reichstag main committee have given momentum to the movement.

To this must be added the volume of plain spoken editorial comment by the liberal press which states frankly that it will not be satisfied with half measures or makeshifts.

The discussion of national politics was continued by the committee yesterday. Chancellor Michaelis twice took the floor for the purpose of explaining his newly created council, made up of seven Reichstag deputies and seven members of the Bundesrat over which he is to preside. The new Council will hold its first meeting on Tuesday, for the purpose of discussing the government's reply to the papal peace note.

The social democrats, centralists, national liberals and progressives have agreed to co-operate with the government on this issue.

The various factions, however, have informed the Chancellor that they have accepted the newly organized body as a provisional device and con-

sider it the harbinger of more substantial prominent measures which will secure to the Reichstag constitutional prerogatives and greater responsibilities.

Among other demands the coalition will urge the nullification of paragraph nine of the Imperial constitution which prohibits Reichstag deputies from becoming members of the Federal Council.

ASK REMOVAL OF NEGROES

By Associated Press Dispatch.

Washington, August 27.—A petition asking the withdrawal of all negro troops from Texas, signed by all members of the Texas delegation in Congress, was presented at the White House today by Senator Sheppard and laid before President Wilson.

White House officials did not indicate what action might be expected from the President.

JAPANESE SCHOOL HEADS ARE COMING

(Associated Press Cable.)

Tokio, Japan, August 27.—Ten primary school superintendents selected from all parts of Japan will sail from Yokohama September 19 for the United States. They are going to study the educational conditions in leading cities of America, especially paying attention to education in war time. Most of the teachers are head masters of primary schools.

KERENSKY ASSURES TROOPS OF POWER TO DEFEAT ENEMY

INCREASE OF POSTAGE NOW UP IN SENATE

Increased Rates on Newspapers and Magazines Also Is Considered—Further Delay Is Indicated.

By Associated Press Dispatch.

Washington, August 27.—While the leaders prepared for the contest over war profits taxation the Senate today began consideration of the postage increase section of the war tax bill with debate on the profits dispute set for Wednesday. Increasing contention gave little promise of sending the bill to conference before next week.

War taxation of newspaper and magazine publishers was the subject of today's debate. Leaders hope to dispose of the section tomorrow, or early Wednesday, together with provision for increasing letter postage one cent.

Increase in the rates for newspapers was endorsed by Senator Harding, an Ohio newspaper publisher, who declared there was no reason why newspapers should not pay a reasonable amount to cover the cost of their distribution. He added, however, that if a change in the rate should be made, it should not become effective for at least one year to enable newspapers to adjust subscription rates.

Efforts by Chairman Simmons to obtain a unanimous agreement for a final vote on the bill at four p. m. next Saturday failed. Cloture petitions were then circulated and more than the necessary 16 signatures were obtained within a few minutes.

Senator Simmons was undecided when he would present a cloture motion, hoping an agreement might be reached making it unnecessary.

Chaos Surrounds Conference Now Under Way in Moscow, Where Radical Changes Are Being Urged By Delegates.

(Associated Press Cable.)

Moscow, Sunday, August 26th.—Premier Kerensky who came to Moscow yesterday to attend the national conference which is now being held for consideration of the military and political problems which confront the country, reviewed the troops at the Hippodrome today, and in addressing them said he was convinced that they would be able to drive back the enemy at the front and crush any attempt at a counter revolution.

The day was devoted to conferences of the different groups of delegates.

The Maximalists reached the conclusion that the conference does not represent the will of the nation, and is of an entirely revolutionary character. They decided to demand from the assembly the handing over of all power to the council of workmen's and soldiers' delegates and voted to leave the hall if the majority should be unwilling to share their viewpoints.

The internationalists assisted on abolition of the death penalty and a renunciation by the government of its purpose to put down by force the separatist movement in Finland and Ukraine. The popular socialists urged the maintenance of the death penalty.

KERENSKY'S MESSAGE INSPIRES OFFICIALS

By Associated Press Dispatch.

Washington, August 27.—No official comment has been made by Government officials on Premier Kerensky's speech before the members of the Council yesterday, but it was made clear that the sentiments expressed by the Russian leader were heartily approved here, and that his declarations indicating the firm manner in which he and his counsellors are prepared to deal with enemies of the new government had aroused a greater confidence in the outcome of their plans.

CLAIM KERENSKY'S SPEECH A FAILURE

(Associated Press Cable.)

London, August 27.—"Premier Kerensky's speech in opening the national conference did not satisfy a single party or succeed in uniting the different groups in mutual service for the country," says the Exchange Telegraph correspondent at Moscow.

"The democrats are dissatisfied with the dictatorial government. The anti-democrats expected a practical program for the carrying out of measures to put down anarchy. They are also dissatisfied with the Premier's declaration regarding the impossibility of imagining a country without freedom saying that this is no time to talk of freedom and social reforms. "Monday is expected to be the day of atonement. The various groups are expected to speak out freely and voice their aspirations. Very much depends on whose words find an echo in Kerensky's own aspirations."

GENERAL LETCHITZKY

TEACHNOR FUNERAL AN IMPRESSIVE ONE

Large and Distinguished Gathering Filled the House to Pay Last Tribute to Memory of Popular Man.

Simple services, replete with dignity and beauty, were conducted by Rev. Wm. Boynton Gage, of the First Presbyterian church, over all that was mortal of Mr. H. C. Teachnor, at four o'clock Sunday afternoon at the home.

A large and distinguished gathering filled the home, its representation of leading business men and farmers of prominent stockmen from all over the country, of family friends and the wealth of magnificent floral remembrances all paying high honor to a man who was worthy of every tribute.

The minister made a beautiful little talk, touching upon the high esteem in which Mr. Teachnor had been held; the home life which he had so completely and splendidly filled his part as husband and father, and the reticent spiritual side of the man.

Rev. Gage spoke of his personal relations with Mr. Teachnor which had led to an exchange of spiritual confidences, and felt that he knew a side of the business man which people generally did not know. He closed with thoughts of comfort to the family and read the poem, "Asleep in Jesus."

Monday morning on the 9:37 B. & O. train the body was taken to Cincinnati, for interment in the family lot in Spring Grove cemetery.

The Elks formed an escort from the home to the station and Mrs. Teachnor, accompanied by her son, Mercer Hafford, Mr. and Mrs. G. N. Teachnor, Mr. and Mrs. Peebles, of Cincinnati, Mrs. D. L. Thompson, Undertaker Klever and four of the six pallbearers, Messrs. Harry Brown, Charles R. McLean, Ed Darlington and Os Briggs. The other pallbearers were R. C. Peddicord and D. L. Thompson.

They were met in Cincinnati by the brother, Dr. Teachnor, and wife, of Leesburg, Mrs. Teachnor's sister, Mrs. George Browne, and family, and other relatives and friends.

Mr. Harry C. Williams, a stock dealer of Kansas City, Mo., came in for the funeral as did other stockmen from South Charleston and Mt. Sterling.

Among the superb display of flowers there was a long pillow of flowers from J. J. Lawler, Chicago stock dealer; a magnificent basket from local business associates, Messrs. Os Briggs, Thomas J. Junk, Frank L. Parrett, James Perrill, Chas. R. McLean, Howard and Roy Hagler, Arthur Staubus; floral design, Mr. Harry C. Williams, Chicago; C. S. Society, casket spray; casket spray from Mt. Sterling stock dealers, Messrs. T. J. Matheny, Scott O'Day, T. C. Keller; floral clock from the Elks.

AGED RESIDENT LAID TO REST

Rev. G. L. Hart, of the First Baptist church, conducted a beautiful and impressive service in tribute to Mr. Joseph Browning at the home on Columbus Avenue, Saturday afternoon.

There was a large attendance, including many of the old friends of the earlier days of Mr. Browning's associations here.

The pastor emphasized in his eloquent talk, following the memoir, the integrity of the life now closed; of Mr. Browning's love of the beautiful, of the true, of the good and of literature, in which the Bible held foremost place. It was indeed true of him that "Death was swallowed up in Victory."

Rev. Hart read three hymns that had been favorites of Mr. Browning, "Rock of Ages," "Jesus Savior Pilot Me," and Tennyson's "Crossing the Bar."

The burial was made in the Washington cemetery; the pallbearers being Messrs. Nathaniel Tway, A. F. Hankins, Elton Thornton, P. F. Goodwin, Wm. Fogle, Louis Perrill.

MEMOIR

Joseph, son of Benjamin and Mary Browning was born in Sheffield, Eng. May 25, 1828. Died in Washington C. H., August 23, 1917.

He was the third son in a family of six children, five sons and one daughter.

In 1852 Mr. Browning brought his family to this country, settling on a farm in Clark County, Ohio near Plattsburg, where he became a prominent farmer and stockman.

Here the children grew to manhood and womanhood in a Christian home which was noted for its generous hospitality.

Joseph Browning received his education in the common schools and

in what was then called "Select Schools" and also attended Wittenberg College, afterward teaching school for a time.

He came to this county in 1853 where for many years he was a prosperous farmer. But his latter years have been spent in this city.

Mr. Browning was three times married, the last marriage taking place in 1897 to Miss Elizabeth Gillen who survives him together with his son, John of near Bloomingburg and his daughter, Fannie of this city, also a brother Joshua of Topeka, Kansas.

He was a man of strong religious principles, uniting with the Lisbon Baptist Church at an early age, and to this faith he always remained true.

His sense of honor was strict and his integrity irreproachable. He loved good literature and being a constant reader of the Bible and was faithful always to what he believed was right.

BRIEF SERVICES ARE HELD AT THE GRAVE

Brief services were held at the grave in the family lot in the Chillicothe cemetery over all that was mortal of Mrs. Harriet P. Montgomery, mother of Dr. L. P. Howell, Monday morning.

The body, accompanied by the family, arrived in Chillicothe from Dayton on the ten o'clock train. Many of the relatives and friends in the Chillicothe and Frankfort vicinities were in waiting and Dr. and Mrs. Howell, Rev. Wm. Boynton Gage and Dr. Charles Sadders from this city.

Rev. Gage conducted the service.

NOTE, MATCHES AND 16 CIGARETTES ARE HIDDEN IN ORANGE

It requires a mighty clever crook—more clever than any now occupying the county jail—to get ahead of Sheriff Jones, or the ever-watchful Matron, Mrs. Anne Robinson.

This was again demonstrated Saturday afternoon when the three colored men confined in the jail in connection with the robbery of the New Philadelphia horseman who recently unwittingly permitted himself to be relieved of \$500, sought to send a note, cigarettes and matches to the three negro women who are confined in the upstairs women's ward in the county jail.

The trio of men had placed some cakes and three large oranges in a paper bag and asked Mrs. Robinson to carry the bag to the women. Mrs. Robinson proceeded to examine the contents of the bag, and was attracted by the light weight of one of the oranges.

A careful examination disclosed that the orange had been cut into at one end, the contents skillfully removed, and the interior filled with 16 cigarettes, as many matches and a short letter which is expected to prove of great value in connection with the charges against the sextette. The orange had been lined with the cigarette bag to keep the cigarettes from becoming damp while in transit.

In this connection it may be stated that in no instance is food or articles of any kind permitted to reach the prisoners, from outside the jail or inside, in such cases as the one above related, without first undergoing the careful scrutiny of Sheriff Jones or the jail Matron, Mrs. Robinson.

FACES CHARGE OF STEALING MONEY

Herschel Brandon, colored, who was arrested last week by the police and charged with petit larceny, was arraigned before Mayor Oster Saturday evening and plead not guilty. He was bound over to the grand jury under \$300 bond which he was unable to furnish.

On the way to jail he asked for another hearing before the Mayor in which he plead guilty, preferring a workhouse sentence to a long term in the county jail awaiting trial. He will be given another hearing soon.

Brandon is charged with stealing four dollars from Dora Anderson, colored, on the 14th of last April. Brandon has been in trouble before and has several other small charges against him.

DRAWS THE USUAL

Tut Jackson, one of the trio who was arrested on South Fayette street, Sunday afternoon, was arraigned before Mayor Oster Monday morning, and was found guilty of being drunk. He was given the usual five and costs which he was unable to pay.

He was committed to the county jail until the fine is paid.

POULTRY EXHIBITS TO SET NEW RECORD

By Associated Press Dispatch.

Columbus, O., August 27.—Chickens of all sorts—speaking strictly of poultry—will be at the Ohio state fair the last five days of this month. Entries in this department, just closed, bespeak a banner exhibit.

The fowls shown will number 2119, of which 1694 will be in single coops. This means there will be 799 more chickens on exhibition this year than last, making the largest ever held at the fair. It was necessary to borrow coops from Ohio State University to house all of the fowls that will be brought to the fair. Poultry premiums total \$2,339.

The curtain also has just been rung down on entries for the horse department where the premiums will amount to \$6,704. The entries number 559, a record, officials say, in view of the fact there is to be no night show this year. In addition to

these animals, Hyle Brothers of Illinois will bring from 25 to 30 head of Hackney, Welsh and Shetland ponies for exhibition. They will show a six-in-hand team of Shetlands.

Attaches of the department of agriculture are buried in work preliminary to the fair. Entries in all departments are greater in number than ever before, according to E. V. Walborn, manager.

FLAG PRESENTED

By Associated Press Dispatch.

Columbus, O., August 27.—Four veterans of the Civil war, acting for their comrades, survivors of the First Ohio cavalry, have presented a flag to the first battalion, Third Ohio Field Artillery, formerly the "Governor's Own" squadron, First Ohio Cavalry.

The battalion has been transferred to artillery service. Colonel W. L. Curry made the presentation and buglers sounded the flag salute as it was unfurled.

TURKISH PAPER IS NOT POPULAR

(Associated Press Cable.)

Cairo, Egypt, August 27.—The paper money issued by the Turkish government is not popular in Palestine. Since its issue it has steadily declined in value, and as the native of Palestine has an international reputation for discrimination in matters of finance, it is not easy to hoodwink the people as to the real worth of the greenback currency.

The governor, Jemal Fasha, recently has issued some rather peculiar proclamations insisting that this rise in the local rate of exchange is due to "the evil practice of hoarding real money" and that therefore the practice of hoarding must cease. The proclamations declare that paper money and specie must and shall be equal in value, and to enforce this somewhat arbitrary adjustment of financial values, he states that:

"If our hope to have this adjustment peaceably effected is disappointed, and if by the fifteenth instant articles of any kind, whether food or otherwise, cannot be purchased with paper at exactly the same rate as cash, I shall proceed to deport from the vilayets of Anatolia and Roumelia every tenth man, with his family, of the persons specified above (local bankers, headmen, and leading citizens). The selection will be made by lot. In the execution of this deportation no exception will be made in favor of the managers of Ottoman and German banks."

40 ACRE SUPPLY STATION PLANNED

By Associated Press Dispatch.

Columbus, O., August 27.—Forty acres of land located near the big Dayton aviation field has been purchased through United States District Attorney Stuart R. Bolin and Xenia agents and will be used for a supply station for the aviation school.

HIGH PRICES IN JAPANESE EMPIRE

(Associated Press Cable.)

Tokio, August 27.—The steady rise in the price of necessities of life in Japan is calling forth protests from many quarters, especially from the ranks of the salaried workers. In many cases private employees have raised wages to meet the new conditions and the government is considering some measures of advancing salaries. The giving of bonuses already has begun.

The demand for high priced labor in the commercial and manufacturing branches is causing many young men and women to resign from the government service and the result has been that both telegraph and telephone departments have suffered.

What Days These Are

These are truly wonderful times we are living in. So many revolutionary changes are occurring every day—almost every hour—that the people are dazed. We don't seem to comprehend the enormity of what is happening right around us.

So closely has our attention been held by the war and the movements of the world's great armies and navies that we have overlooked, to some extent, the tremendous happenings in business—the changes that have occurred and are occurring. We know of course in a hazy sort of a way, like a lousy man, intent upon some mission of importance, listens to the gossip of his talkative friend, politely but uncomprehendingly, that big things are happening—the papers tell us so but the papers are telling us much now days and we are so occupied with our own affairs that we don't "get" half of what we hear and read.

For instance after lining up the stock market speculators, putting the wheat pit out of business, delivering what many folks believe is a knockout blow to the coal combine, practically commandeering the steel and copper industries for war purposes, President Wilson, armed with the authority of the food control laws, it is announced, is going to endeavor to bring The Standard Oil Company into the fold in an effort to control the supply and price of gasoline, so essential for war purposes.

With the nation secure from the dangers of a money panic by the currency laws, these advances are possible.

And yet we accept these tremendous changes in conditions as but a part of the day's happenings. They are, true, only that but what days these are in which such things can and do happen.

Our Railroad Crossings

Washington has now several dangerous railroad "grade" crossings within the city limits and unless some action is taken resulting in lessening that danger a tragedy is almost certain to occur.

The improved brick streets have greatly increased the menace of the already dangerous railroads' crossings on Main Fayette, North and Court streets. The recently completed paving has multiplied the traffic at those crossing many fold. The travel on the streets has grown very much heavier within the last few years due to the coming of the automobile. More people ride now days and ride more than they did formerly and they ride faster, especially over the paved streets, the buildings are more numerous and the noises more pronounced.

In addition to all that the C. H. & D., the Pennsylvania and B. & O. railroads have more trains through the local yards than ever before and the vastly increased shipping—the constant shifting of cars over these street crossings is attested by the fact that a switch engine and crew is kept almost constantly at work in the local yards.

Our public spirited citizens and officials should waste no time in asking the railroad companies and the proper state officials for relief.

No improvement is needed half so much now as the watchman and gates at our dangerous crossing. Not a minute should be lost. Human lives may be the price of delay.

The New Charter

No doubt the men chosen by the voters of the city to prepare and submit a charter providing for the government of Washington will have numerous suggestions as to what they should and should not do.

The men chosen by the voters are men of ability, men of integrity and men who know, by experience, the peculiar needs of the community. They have, we confidently believe, an ambition to serve the community by framing and submitting the very best charter they are able to prepare.

The one thing, above all others, to be avoided is politics. Politics should not be allowed to influence the action of the charter framers and no provisions intended to create any political advantage to any party or faction, should be allowed to creep into the new charter.

The charter should be prepared with the sole aim of securing an efficient business management for the city. Politics and special advantage have no claim for consideration.

Mindful of those two great essentials and we believe the commission is mindful of them, beyond doubt, there is no reason why a charter should not be prepared and submitted which will at once secure the hearty approval of a great majority of Washington citizens.

There need be no fear that the men chosen by the voters will fail in their duty to themselves and to the public.

They realize better than any one else the importance of their work and will guard carefully against the mistakes which would prove fatal in the election or worse yet the failure of the plan after adoption.

Poetry For Today

ON YOUR OWN HEADS.

Fenced by your careful fathers, ringed by your leaden seas,
Long did ye wake in quiet and long lie down at ease;
Till ye said of strife, "What it is?" of the sword, "It is far from our ken;"
Till ye made a sport of your shrunken hosts and a toy of your armed men.
Ye stopped your ears to the warning—ye would neither look nor heed—
Ye set your leisure before their toil and your lusts above their need.

Given to strong delusion, wholly believing a lie,
Ye saw that the land lay fenceless, and ye let the moments go by
Waiting some easy wonder; hoping some saving sign—
Idle—openly idle—in the lee of the forest line.
Idle—except for your boasting—and what is your boasting worth
If ye grudge a year of service to the lordliest life on earth?

But ye say, "It will mar our comfort." Ye say, "It will 'minish our trade.'"
Do ye wait for the spattered shrapnel ere ye learn how a gun is laid?
For the low, red glare to southward when the raided coast-towns burn?
(Light ye shall have on the lesson, but little time to learn.)

No doubt but ye are the People—absolute, strong and wise;
Whatever your heart has desired ye have not withheld from your eyes.
On your heads, in your own hands, the sin and the saving lies!
—By Rudyard Kipling.

Really Little Known of Poland.
Poland's history, with its fight for freedom, justice and equality, its struggle in defense of Christianity and European civilization and its unselfishness in aiding the weak, made it famous among the world's nations, both in success and adversity. The achievements of the Polish nation in art, music, literature, science and religion are known, as are the life deeds of its great men.

But the industries, mines, trade and natural wealth of that unhappy country have since its partition been to a great extent a sealed book to most of the people outside of the nations attempting to assimilate the Poles. This was principally due to the inability of people from the outside to break through the network of foreign governmental systems in which Poland is enmeshed.—Buffalo News.

ITALIANS KEEP UP ADVANCES

(By American Press)

London, Aug. 27.—With the dominating height of Monte Santo in their possession, the Italians are continuing their drive of the Austrians eastward over the Bainsizza plateau, notwithstanding the violent resistance the enemy is offering. Here, and also on the Carso front, in proximity to the sea, where the battle again has assumed terrific proportions, the Italian air men are still lending aid to General Cadorna's forces, dropping bombs or using their machine guns with telling effect on troop concentrations behind the line.

Daily the number of prisoners taken by the Italians is mounting, the latest reports showing that 600 officers and 23,000 men have definitely been rendered noncombatants for the remainder of the war. In addition, the capture of war stores by the Italians has been enormous, including guns of all calibers and arms, ammunition, horses and motor tractors. From the supply depots abandoned by the enemy in his flight the Italians now are enabled to replenish their troops fighting in the difficult country.

On both sides of the River Meuse, in the Verdun sector, the French troops continue their gains against the forces of the German crown prince, on the right bank having captured positions over a front of two and a half miles to a depth of two-thirds of a mile, taking the Forges and Beaumont wood and reaching the environs of the village of Beaumont, and on the left bank having driven their advanced posts to the outskirts of Bethincourt and along the banks of the Forges river.

The Germans in counter attacks twice have endeavored to retrieve lost ground on the heights of the Meuse, but each time met with repulse and heavy losses.

Aside from artillery duels, which have been especially severe east of Ypres and in the neighborhood of Lombaertzyde, there has been little activity on that part of the line in France and Belgium held by the British. Field Marshal Haig's men, however, have carried out several small trench raiding enterprises with success and repulsed German counter attacks.

Evidently the German advance toward Riga, Russia's big port and naval base on the Baltic, has ceased, for neither the German nor Russian official communications mention the operations in this region. To the south, however, the Russian and Russo-Romanian armies, respectively, around Vladimir-Voinseki and in the Roumanian theater, are keeping up their strong resistance against the Germans and the Austrians and Germans.

"Let the American army come," says a Berlin paper, which is very sound advice under the circumstances.—Indianapolis Star.

The State War Board Says Today:

"Save Food" is the Nation's wartime watchword. What you can't can, dry. Dried corn, especially, should be a war food this year. Cans and other containers are scarce. Grandmother's old-time method of drying sweet corn makes a palatable food. Husk corn when ripe, drop ears in boiling water and cook 2 to 5 minutes, or place in steamer 5 to 10 minutes. Slice kernels from cob with sharp flexible knife. Spread thinly on trays to dry. Corn may be dried on pans in oven in 2 to 4 hours at 115 to 145 degrees. Or corn may be dried in the sun, starting first with 19 to 15 minutes in the oven. The grains must be stirred occasionally during drying. When dried, pack in cartons, boxes, or empty coffee cans. Pour from one container to another once a day for 3 or 4 days so as to mix thoroughly and insure an even degree of moisture. Corn when too old to dry, makes a fine winter breakfast food. When brought from field, husk and store. When wanted, shell, parch in oven or on stove, and grind in meat grinder or household mill.

MEMBER OF COMPANY M DIES TODAY

**First Class Private Wilbur Wilson
Passes Away at Camp Perry
Early Today, and Remains Will
Reach This City Today.**

A telegram was received from Camp Perry, Monday, announcing the death in that camp at six o'clock Monday morning, of first class private Wilbur Wilson, of South Salem, member of Company M and well known in this city.

Death was due to anemia of the Larynx, and is believed to have been due to bathing in the cold waters of Lake Erie while the young man was suffering of tonsillitis, although no definite announcement as to the cause has been received.

Private Wilson was one of the best soldiers enrolled in Company M, and with his twin brother was with the company on the border last winter.

The young man had been in the camp hospital for a week or more, and his condition had been serious for some 24 hours prior to death.

The body will be brought to this city Monday evening, and from this city will be sent to Greenfield over the D. T. & I.

A funeral with full military honors will be held at the young man's former home at South Salem, Ohio.

A member of Company F, of Chillicothe, suffering of the same complaint as that which caused the death of Private Wilson, is being removed to his home.

TAPS SOUND FOR G. A. R. COMRADE

William H. Hughes, veteran grand army man and resident of this city since the civil war, died at his home on S. Main street, Saturday evening at eight o'clock.

Mr. Hughes was 75 years of age and retired from active life some years ago. His health failed last April and his daughter, Mrs. Hazel Zelinski, came from Cleveland to be with him in his last illness.

"Tip" Hughes, as the comrades knew him, had a remarkable war record and his experiences at Gettysburg, Kenesaw mountain and other battles were of thrilling interest.

He was badly wounded and had his share of narrow escapes and few of "the boys" will be more missed from Memorial Hall than will this brave soldier. He had repeatedly held the office of color bearer in the B. H. Millikan post.

Mr. Hughes is survived by one daughter, Mrs. Hazel Zelinski, of Cleveland, and one brother, Mr. G. S. Hughes, of New Orleans, La.

Funeral services will be held at 1:30 p. m., Tuesday at the G. A. R. Hall. Burial will be made in the Washington cemetery.

MR. LESTER DODD LOSES MOTHER

Mr. Lester Dodd has received the sad news of the death of his mother Mrs. Mary L. Dodd, at her home in Jamestown, Sunday.

Mr. and Mrs. Dodd, will go over to Jamestown Tuesday to attend the funeral services, which will be held at two o'clock in the afternoon.

DEATHS

CARTWRIGHT

Mr. and Mrs. Roy MacBeth were called to Springfield a few days ago by the death of Mrs. MacBeth's sister-in-law, Mrs. John Cartwright, Mr. Cartwright formerly resided in this county and was a frequent visitor here since moving to Springfield.

Mrs. J. W. Mitchell, Mrs. W. B. Ford, Mr. Harley Cartwright, and Mr. S. C. Cartwright went up for the funeral Friday.

RINEHART

Thomas Rinehart, aged 72 years, passed away Sunday afternoon at the county infirmary, where he had been making his home for several years.

Funeral and burial at the Washington cemetery Tuesday morning at ten o'clock.

DEATH OF INFANT

Pauline G. Allamon, infant daughter of John and Elva Allamon, died Sunday evening at 6:30 o'clock at the family home on John street. Funeral Tuesday afternoon at 3:00 o'clock, at the residence. Burial in the Washington cemetery.

MAIN LINE TRAINS PASS THROUGH CITY

A number of the solid Pullman, mail and express trains from the main line of the B. & O. railroad were detained via this city Monday on account of the obstruction of the main line track at Martinsville, Monday morning, where a freight train left the track and caused a bad wreck.

The trains were detained by way of the C. H. & D. and Midland division of the B. & O. and attracted much attention while passing over the route through this city.

CAVINEE FUNERAL

The funeral services of Jacob Cavinee, aged 79, who died Saturday afternoon at 2:45 o'clock at the home of his brother, Mr. Isaac Cavinee, on the Greenfield pike, will be held Tuesday morning at 8:30 at the residence, and the body will be shipped to Groveport, Ohio, for interment.

ALLEGED HOG THIEVES HELD

Three alleged hog thieves were arrested by the police late Saturday afternoon. Manuel Davis was arrested at the canning factory and Harley Self was arrested at the farm of Mr. William Miller near Jeffersonville.

Word was left by the police for Russell Davis a brother of Manuel Davis to come to the Mayor's office which he did promptly. The three were placed in jail to await trial.

The affidavit was filed by Jerome Taylor, who charges that the prisoners on different occasions stole fifteen hogs from his farm on the Circleville pike.

Subpoenas were issued Monday morning for witnesses and the trial was set for 7 o'clock Monday evening in Mayor Oster's court.

BIBLE CLASS NOTICE

The Tabernacle High School Bible Study Class will meet with Mrs. Meier on N. North street, Tuesday, August 28, 1917, at 2:30 p. m.

CIGAR LIGHTER WAS CAUSE OF ALARM; MOTOR DISABLED

The fire department was called to the Palace pool room Monday noon to extinguish a blaze caused by a gasoline cigar lighter exploding. The motor truck was unable to proceed to the fire and the hook and ladder wagon responded, but not until the fire had been extinguished.

The door casing was badly charred and other slight damage done. Prompt action of an employee of the pool room prevented further damage.

A spring on the Delco ignition system on the big truck broke as it was pulling out of the engine house. The breaking of the spring caused the power to be cut down so that the engine stalled, but the truck was soon repaired temporarily and is ready to answer a call at any time. The broken part will be sent for immediately.

BRINGS NEWS FROM WORK IN CHINA

Miss Faith Williams, daughter of Rev. and Mrs. J. E. Williams, Presbyterian missionaries in Nankin, China, made a most interesting little talk concerning the work in China at the Young People's Christian Endeavor meeting at the First Presbyterian church, Sunday evening.

Miss Williams' mother, before her marriage, was Miss Lillian Caldwell, in whose missionary work the local society was actively interested and it was an enjoyed privilege to hear her daughter.

Miss Williams returns to China early this fall, after a summer spent in S. Salem, O., with relatives.

\$1000 AWARDED FOR NEW SCHOOL SITE

A verdict was returned in probate court Monday morning in the case of A. W. Clouser et al, as members of the Board of Education of Union township against Harry Zimmermann, a minor, his guardian Pope Grege and Henry Wilt tenant. The suit was to determine the amount of money to be paid by the Board of Education for land taken for the purpose of erecting a school house at Eber. The amount awarded to the defendants was \$990 for the amount of the land and \$100 for the damages to the residue making a total of \$1,090 paid for the three acres of land.

The same plaintiffs will begin suit against H. D. Chaffin, Tuesday morning for the purpose of fixing the amount to be paid for a tract of land at Chaffin's corners to be used for school purposes.

ROYAL BLUE FLYER HITS AUTOMOBILE AND KILLS WOMAN

The B. & O. west bound passenger train due here at 3:34 p. m. was delayed Sunday afternoon by an accident which occurred between Mt. Sterling and Era, when a machine with four people from Fostoria, Ohio, was struck by the train on a crossing while the train was going at full speed. One woman was almost instantly killed.

In the car were a man and his wife, their daughter and grand daughter. All the occupants of the car were hurled through the air for a considerable distance. The train was immediately stopped after the accident occurred and backed up to the scene of the accident. The woman died within a few minutes. An arm was severed and the body was otherwise mutilated.

All of the other occupants were badly injured.

When the train arrived in this city a piece of the automobile was found lodged in the pilot of the locomotive and so firmly was it wedged that it withstood all efforts to remove it. The piece was presumably a part of the steering gear.

Several local citizens were aboard the train.

ODD FELLOW IS HONORED

Mr. A. N. Miller, bearing the distinction of being known as the Senior Odd Fellow of the state, has been presented with the "Veterans' Jewel" by Temple Lodge of this city. Mr. Miller has been a member of the order almost 59 years. Some time ago the local lodge adopted a resolution to present each brother Odd Fellow of 50 years membership with a veterans' jewel, and the presentation to Mr. Miller was made the occasion of a social evening of much fraternal pleasure and interest.

Mr. Jared Adams presented the jewel with eulogistic and happy remarks—Mr. Miller was quite overcome and tears rolled down his cheeks while he gave voice to his appreciation of the honor. The two daughters, Mrs. Madge Miller McCrea and Mrs. Lulu Cissna, served a tempting lunch to the twenty Odd Fellows who visited the home.

ALFRED SCRYVER GOES TO FRANCE

Alfred Schryver, a Graduate of Culver Military academy, and of the University of Pennsylvania, and a second lieutenant in the officers' reserve corp by virtue of his work at the Fort Benjamin Harrison training camp, has been ordered to France along with many other new officers. He is the son of President R. H. Schryver of the First National bank at Mt. Sterling.

Mr. Schryver has often visited his sister here, Miss Florence Schryver, who formerly was head nurse at the Fayette Hospital.

VICTIMS OF SPEED TRAP SOUND WARNING

A "speed trap" closed down upon motorists enroute to Columbus Sunday and quite a bunch were "pulled" by cops concealed between Harrisburg and Columbus, who accused them of breaking the state speed limit of 20 miles.

It is claimed that the road to Columbus will be closely watched during State Fair week and wise motorists will "slow down."

ANOTHER RED CROSS BOX TO BE SENT

All women who are sewing for the Red Cross and have finished garments will please bring them to the Red Cross work shops Wednesday. The committee will send a box to headquarters this week and are anxious to send as many finished garments as possible.

ATHLETICS OVERWHELM WINDSORS

By a Score of Seven to One Locals Show Class Over Visitors in Fast Game Featured by Cleen, Hard-hitting of the Home Team.

At the Sycamore street park Sunday afternoon the Athletics conclusively demonstrated to the assembled and enthusiastic fans that they were a much better base ball team than the Windsors of Columbus, highly touted Capital City amateurs.

The locals piled up their seven runs by hard and consistent batting—the visitors not making an error.

Schuyler, who looked after the center garden for the locals, was the leader in the stick work, hitting safely three times out of five up.

Collins, who, in the absence of Frahmhofer, played short for the locals, poled a home run with two men on the bases, netting the three tallies scored in the fifth.

The locals scored their first run in the first inning. Lewis, first up, grounded out, Hogan to Griffith. Schuyler singled to right. Doyle hit safely past third. Schuyler going to second. Both advanced on a wild pitch. Adams fanned. Schuyler scored on a wild pitch. Jones hit by pitched ball alone second. Black fled out to left.

In the second another run was added. Collins fanned. Gheen fled out to Griffith. Morris was given first on balls. Lewis hit safely. Morris taking second. Schuyler "safetied." Morris scoring, but Lewis overran third and was tagged out, retiring the side.

In the third the Athletics added two more. Doyle hit safely. Adams hit to first baseman for an out. Doyle going to second. Jones fanned. Black hit for three bases, scoring Doyle. Collins singled, scoring Black.

The visitors made their only tally in the first inning.

Francis hit past second for a single. Emmerson fled out to Lewis. Hamler out pitcher to first. Bonowitz hit for two bases, scoring Francis. Robinson fanned.

GUN TOTER NABBED, WHILE INTOXICATED HAD GUN IN SOCK

Doc Spradlen, white, Tut Jackson and Robert Baker, colored, were picked up by the police Sunday afternoon on South Fayette street in an intoxicated condition. After being placed in jail they were searched but nothing was found on either of the colored men. However, a pint of whiskey was previously taken off of Spradlen. Later one of the other prisoners informed the Sheriff that the man had a gun in his possession.

Upon being searched a second time a loaded revolver was found. He had evidently placed the gun in his sock and after being searched had put the gun in his vest pocket.

A charge of carrying concealed weapons will be placed against him. Spradlen did not seem to realize the seriousness of the offense and seemed to be an habitual gun toter. He claimed that he was a minor.

Carrying concealed weapons is punishable by heavy fine or a penitentiary sentence, or both, and Spradlen is expected to draw the limit in fines.

PREPARING THE PARK FOR FIRST CONCERT

The beautiful Rogers Park, three miles north of Bloomingburg, is now being prepared for the first band concert of the series to be given in the park within the next two weeks, and by Friday night of this week—the time of the first concert to be given by the Washington band—the park will be in complete readiness and persons attending the concert will find ample seats, refreshments, and an attractive program.

To defray expenses an admission fee of 15 cents is to be charged at each entertainment.

RECORD BREAKING CROWD IN THE JAIL NUMBERS THIRTEEN

Monday morning there were thirteen guests at the county jail which is the largest number since the city went dry over ten years ago.

The thirteen include the six who are in jail awaiting trial for the robbery of Charles Leitz on Thursday of last week, the three men who were arrested Saturday charged with stealing hogs and three arrested Sunday afternoon on Fayette street on a drunkenness charge. Herschel Brandon is also in jail charged with petit larceny.

SCHOOL ADDITION NEARS COMPLETION

The large addition to the Bloomingburg school building, made necessary by the addition of territory to the Bloomingburg school district, is nearing completion, and within the next few weeks will be ready for use.

The walls and roof have been finished and the interior work will not occupy a great deal of time.

The addition is built on the east side of the former structure, and adds greatly to the appearance of the building.

Bullet Torn German Helmet Found In Canadian Drive

CANADIANS EXAMINE SHOT-RIDDED GERMAN HELMET

What became of the original owner of the German helmet shown in the bullet torn picture is not known, but if he was wearing the headpiece

when it received its damages he is fighting no more. The men examining the helmet are Canadian officers, who shared in the drive in which the trophy was captured.

MARRIED MEN MUST ESTABLISH DEPENDENT CLAIM

(By American Press)

Washington, Aug. 27.—In a letter to Secretary Baker, President Wilson states his opinion that regulation directing draft boards "to establish the fact of dependents in addition to the fact of marriage, ought not to be abrogated."

While the statement regarding married men was in preparation new orders were issued, changing entirely the mobilization arrangements previously made. Congestion of rail traffic and the necessity of making better provision for the reception of the men at the cantonments dictated the changes.

Under the new orders, 5 per cent of the white men, preferably those with military experience, from each local area will be started forward to the camps Sept. 5, instead of 30 per cent. They will go in five daily detachments of equal size and form skeleton companies and set up a going concern, into which the remainder of the total quota can be absorbed without confusion as they reach the cantonments.

DIVISION HEAD NAMED RED CROSS APPOINTMENT

(By American Press)

Washington, Aug. 27.—The Red Cross war council, through its chairman, Henry P. Davison, announces the appointment of A. R. Rogers, lumber merchant of Minneapolis, as manager of the northern division of the Red Cross, which includes Minnesota, North and South Dakota and Montana. The division includes 158 chapters, having more than 100,000 members.

The United States has been divided into thirteen divisions in accordance with Mr. Gibson's plan for decentralization. This plan will relieve the pressure on national headquarters at Washington and will provide more effective co-operation between the chapters and an executive authorized to deal with their special problems.

Men of extensive business experience who volunteer their services without remuneration and devote their time to the work during the period of the war are being appointed as managers of the divisions. Among those already named are James H. Garfield of Cleveland, former secretary of the interior; Ethan Allen, L. E. New York woolen merchant; George W. Simmons, hardware merchant of St. Louis; James W. Jackson of Boston, and John W. Morey, merchant of Denver.

TO SEND CLERKS TO FRANCE AT ONCE

By Associated Press Dispatch.

Cleveland, O., August 27.—The United States has urgent need for the services of about 150 clerks for duty in Europe in about three weeks, according to J. A. Fluckey, acting di-

rector of employments, U. S. Employment Service, Federal building, Cleveland.

All classes of clerks are wanted, some qualified as stenographers and typewriters, some as typewriters only, some as bookkeepers and others as general clerks, at salaries ranging from \$1000 to \$1200 yearly, in addition to which rations, quarters, medical and surgical attendance and transportation will be furnished.

It also requires about 50 topographical, architectural and mechanical draftsmen at salaries from \$1500 to \$1800, dependent upon experience and qualifications, in addition to rations, quarters, and medical attendance.

Applications from men of conscription age are not desired, Mr. Fluckey says.

BELIEVES IN TANLAC SINCE IT HELPED HIM

Dayton Man Says He Felt Better Right Away After He Started Taking Tonic—Surprised at Quick Improvement, He Says.

"I had no confidence in any medicine, therefore when I used to read Tanlac ads I didn't think anything about them at all," said Floyd Morris, R. R. 4, Dayton, in telling how he came to change his mind and take Tanlac.

"I had some of the symptoms I noticed so many people had—heartburn, sleepless nights, gas on my stomach and at times dizziness. I tried several remedies but got such poor results that I decided all medicines were no good and figured Tanlac was like the rest of them. But a friend kept at me to try Tanlac and finally I did.

"I must own up that I was dead wrong about Tanlac. To my surprise I began to feel better from the first and now I believe I could write an ad myself about what Tanlac has done for me. Tanlac surely has meant better health for me and I don't mind saying it is a great tonic."

Tanlac is a vegetable tonic especially designed to build up run down systems. It has built up thousands of run down men and women and it will do for you what it has done for others. Get Tanlac if you are not feeling right and get it today. Delay is dangerous. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store and C. S. Haver's drug store. LOCAL BOARD MAY SOON ISSUE CALL TO 50 MORE MEN

Indications Are That the Number of Exemptions on Agricultural Grounds, and for Other Reasons May Eat Into the First Quota Certified Over.

There is every indication that the Fayette County Local Board will soon issue a call to 25 or 50 additional men to report for examination for selective draft service.

For the first 85 men the Local Board has certified over about 93 men out of the 216 called for examination, but the action of the District Board in issuing exemptions on agricultural grounds, coming as a surprise to Local Boards generally, indicates that the number in Fayette who are exempted will be much greater than the seven or eight extra men certified over.

Whether any of the men with families who have been certified over, will later be exempted under the new ruling, is not known.

The first five men who will go from this county to the cantonment camp at Chillicothe, will probably be notified this week, and who they are is not yet known to the Local Board.

Only five men will be sent for the first increment to the camp instead of 30 per cent of the 85 men as originally announced.

The new order is believed to have been issued so that arrangements could be made for taking more single men than originally planned, the announcement of President Wilson urging the exemption of as many heads of families as possible, probably being the reason for reducing the first number to five per cent.

COUNTY WILL ERECT NEW BUILDING FOR COUNTY MACHINERY

Weary of the indifferent housing of the county road roller, scrapers, drags, etc., the County Commissioners have decided to erect a new tool and machinery building on the county farm, and this will be done in the very near future.

The structure will be of large proportions and constructed of concrete blocks with composition roofing, and will join the barn at the county infirmary farm.

The commissioners went out to complete arrangements for the building on Monday, determining the dimensions and other matters pertaining to the structure.

The building will be adequate for properly housing the road roller and other equipment owned by the county and fills a long need.

TOWN DESTROYED BY THE TURKS

By Associated Press Dispatch.

New York, August 27.—The town of Jaffa, in Palestine, formerly the port of Jerusalem, virtually is in ruins, according to information received from Cairo, Egypt, by the American Committee for Armenian and Syrian Relief. Jaffa was set on fire by the Turks, and burned after many buildings were dynamited, says the message received by the committee, which adds that of the villages and hamlets within twelve miles of Jaffa nothing remains but heaps of ruins and ashes.

"From a line extending three miles north of Jaffa to the Judean mountains not an inhabitant remains nor a dwelling," says the message. "All government records have been taken to Damascus and Nablus. The people who were spared from massacre were exiled to Hebron."

Jaffa formerly had a population estimated at between 20,000 and 40,000. It contained several mosques, churches and convents, a bazaar, hospitals, hotels and fine gardens. It is connected with Jerusalem by a railway line fifty-four miles long.

RUSSIA'S FATE HANGS IN THE BALANCE, SAYS GREAT PATRIOT KERENSKY

(By American Press)

Moscow, Aug. 27.—The national conference, which assembled here to consider the present situation of the nation and plans for a new national government, was opened by Premier Kerensky, who delivered an address in which he told the delegates that Russia is passing through a period of mortal danger.

The premier declared that any attempt to take advantage of the conference for an attack on the provisional government, as embodied in the provisional constitution, would be repressed pitilessly "by blood and iron."

The conference was opened by the premier's speech. Representatives of important political, economic, commercial and scientific organizations and persons prominent in public life are in attendance.

"Those who think the moment has come to overthrow the revolutionary power with bayonets are making a mistake," said M. Kerensky. "Let them take care, for our authority is supported by the boundless confidence of the people and by millions of soldiers, who are defending us against the German invasion."

"Citizens, the state is passing through a period of mortal danger. I do not say more, for you all understand. You see it, for each of you experiences it, in a different way. You all know the task incumbent upon you for the struggle against a powerful, implacable and organized enemy demands great sacrifices, self-denial, deep love of our country and the forgetting of domestic quarrels. Unfortunately, not all who are able are willing to offer all this on the altar of their country, ruined by war, and they thus render the critical situation of our country more serious every day."

"In our political life this process of disorganization is worse, even causing certain nationalities living in Russia to seek their salvation, not in close union with the mother country, but in separatist aspirations. On top of all this came the shameful events at the front, when Russian troops, forgetting their duty to their country, gave way without resistance to pressure of the enemy and thus forged for their people fresh chains of despotism."

"Those who once trembled before the government of autocrats now boldly march against the government with arms in hand. But let them remember that our patience has its limits and that those who go beyond them will have to settle with a government which will make them remember the time of czarism."

"A little time ago we indignantly replied to a proposal to conclude separate peace. A few days ago we witnessed another attempt, equally base, directed against our allies. The latter rejected it with equal indignation and in the name of the great Russian people I say to our allies that it was the only reply we expected of them."

The premier then paid a tribute to the Roumanians, saying that if they were forced temporarily to abandon their country they would find hospitality in Russia.

The premier said the government would prevent by force reopening of the dissolved diet in Finland, and that he hoped the country would approve this decision.

Unless plans of administration leaders go astray, the \$11,538,000,000 war bond and certificate and soldiers' and sailors' insurance bill will be passed by the house before the end of the week. The ways and means committee met today to consider the bond and certificate bill and the interstate and foreign commerce committee probably will report the insurance bill tomorrow.

Passage of the bond bill will be comparatively easy, it is believed, because both Democrats and Republicans intend to support its general provisions. There will be a fight over the rate of taxation to which the bonds shall be subjected, but apparently there is nothing else to interfere with immediate passage of the measure.

OHIO TROOPS IN SOUTH

(By American Press)

Montgomery, Ala., Aug. 27.—Ohio soldiers had as their first job the work of clearing Camp Sheridan of cotton, which is standing in full bloom and is scattered over the whole camp, located near the Alabama river.

Trips here of the various advance units, officers say, were without incident. The troops stopped a while at Nashville to stretch their legs.

Brigadiers General John C. Spears, W. M. McMaken and C. X. Zimmerman have taken up headquarters temporarily at the Gay Teague hotel. The units here are: The divisional supply train of 320 men under Major Robert McPeak; Company C of the Fifth infantry, Cleveland; Company F of the First Cincinnati; F of the Tenth, Youngstown; C of the Eighth, Canton; Battery D of the First field artillery, Dayton, and 600 engineers of Cleveland.

EMPHASIZE PATRIOTISM

(By American Press)

Columbus, Aug. 27.—Only unfavorable weather, according to E. V. Walborn, manager of the Ohio State fair, will prevent the sixty-seventh annual exposition, which opened today and continues through Friday from being the greatest ever held in the Buckeye commonwealth.

Patriotism is strongly emphasized in the fair. There are a large number of exhibits and demonstrations that are designed to help Uncle Sam win the war against Germany. A strong military feature is the presence of several hundred federalized Ohio national guardsmen, who are encamped on the fair grounds, awaiting orders to start for the camp at Montgomery, Ala. These soldiers will put on maneuvers for patrons of the fair.

GERMANY PLANNING CAMPAIGN TO WIN INCREASED BUSINESS

(Associated Press Dispatch)

Washington, August 27.—"What ever may be the outcome of the war, Germany is going to make as active a canvass for the export trade as its resources and financial condition at the end of the war will allow," is the warning given American business men today by the Department of Commerce.

The aims of Germany to capture the great neutral markets of South and Central America, Spain and the Near East as well as neighboring countries, are disclosed in a report just made available to American business by the bureau of foreign and domestic commerce, written by Choussy D. Snow after a thorough investigation and study. Mr. Snow was in Germany investigating industrial conditions when the war broke out.

"Writers in the German press," says Mr. Snow, "at this time acknowledge that there is bound to be a prejudice against German products in the markets of the countries now hostile to Germany. With an assured commercial hostility in such vast markets, it is obvious that German export trade must make the most of the few remaining neutral markets. In the great neutral markets of South and Central America in which American exporters are more than ever directly interested—Spain, and in other countries not actively involved in hostilities, German competition after the war will be particularly severe. At the present time German overseas commerce is reduced to practically nothing. The German exporters, however, are endeavoring to keep a touch with their foreign markets and are doing everything they can to preserve their good will in those markets. In the neutral countries of Scandinavia, the Netherlands, and in Switzerland, Germany has continued to do a considerable export business. Manufacturers in some lines, since the outbreak of the war, have paid special attention to these countries and have actually won a larger share of the trade than they had before, because of the difficulties those countries have had in obtaining ample, prompt and regular shipments by water."

"German exporters are already planning campaigns for extending their business in the Near East. Some of the German writers on foreign trade urge the advisability of making the most of the German opportunities in that region and are pointing out that if sufficient energy were bestowed on the development of Mesopotamia it would become a second Egypt."

FARMERS PREPARING FOR GREAT ACREAGE

Information from some of the representative farmers of Fayette county indicates that the wheat acreage this year will be thousands of acres in excess of the large acreage of last fall, and that much of the wheat will be sown comparatively early.

Much ground is being broken for wheat, but about 75 per cent of the ground to be sown to wheat is corn ground from which the corn must be harvested, or cut, before wheat can be sown.

The indications are that the greatest acreage of corn to be left standing in the field in recent years, will this year be husked from the stalk.

AURORA BOREALIS PLAINLY VISIBLE

The mysterious northern lights, or aurora borealis played tag in the northern heavens for sometime Saturday night, attracting the attention of a great many Washington citizens.

The aurora was the most brilliant between eight and nine o'clock Saturday night, and for a time the northern heavens were so bright that many believed a large fire was taking place north of the city.

One man in describing the aurora declared his attention was attracted by two great white shafts of light resembling huge feathers that shot from the extreme north, nearly to the zenith. Time after time this occurred, and the vari-colored rays, closer to the horizon attracted their share of attention. A perfect arch was visible part of the time the lights were at play.

HOW TO PROPERLY STORE POTATOES

Save late Irish potatoes by storing them in a room in the cellar, or in an outdoor storage bank or pit.

When stored in cellars, the potatoes may be put into barrels, boxes, baskets, crates, bins, or on the floor, but must be protected from the light.

Select a well drained location, make a shallow excavation about 6 inches deep, line it with straw hay, leaves, or similar material, and place the potatoes in a conical pile on the lining. Make the bottom of the pile about the same size as, but not larger than, the bottom of the excavation.

Cover the potatoes with the same material as that used for lining the bottom of the pit and carry it up several inches above the apex of the pile of vegetables, having it extend through the dirt covering. This serves as a ventilating flue, and it should be covered with a piece of tin or short board as a protection from rain.

The dirt covering should be 2 or 3 inches thick when the vegetables are stored, and it should be increased as severely cold weather approaches, until it is a foot or more in thickness, or sufficient to protect from freezing. In finishing the pit, the dirt should be firmed with the back of the shovel in order to make it as nearly waterproof as possible.

The shallow trench around the base of the pit should have an outlet for carrying off the water. Supplement the dirt covering with manure, straw, corn fodder, or other protective material. Use several small pits instead of one large one, as vegetables keep better in small pits, and the entire contents can be removed when the pit is opened.
